

L P G Rubber

Years of Trust and Excellence

For 75 years, a range of vehicles owners from classic cars to passenger buses and heavy duty lorries have trusted L P G Rubber products for durability, safety and strength for travel and transportation of people and goods. Designed, researched and manufactured locally by L P G Rubber, the company specializes in windscreen beadings, rubber moulds and plugs required for multiple vehicle uses. We are hundred percent Sri Lankan Company.

Founded by late Mr. M. D Liyanage, a veteran businessman, the company began as a windscreen rubber beading manufacturer at Darley Rd. Today the company has expanded to provide the complete range of vehicle spare part rubber products for all types of vehicles. In addition, the Group has expanded its rubber product range to provide high quality beading, sealing, protective and safety gears in multiple categories of products.

Types of Rubber Products

for Furniture

What Makes us UNIQUE?

CUSTOM DESIGNS

We don't give all vehicles the same moulds products. Our rubber products are customized to suit each vehicle, each purpose and each need

TESTED AND APPROVED

We don't believe in just making rubber, we value quality and durability in every product we release. All our products are tested to keep you and your vehicle safe

HIGHEST QUALITY

Being a local manufacturer doesn't mean we compromise on the quality of our products. A team of experts ensure that each unit that leaves the factory are of the highest quality standard

LARGE VARIETY

We provide rubber parts to the full range of vehicle from passengers to goods transportation units, as well as domestic and industrial vehicles and classic and antique vehicle rubber spare requirements

EXPERIENCE

We are one of the oldest and most experienced special vehicle rubber spare manufacturer in Sri Lanka

RELIABLE SERVICE

We have a qualified and reliable team of after sales support teams ensuring customer satisfaction and safety at all times
